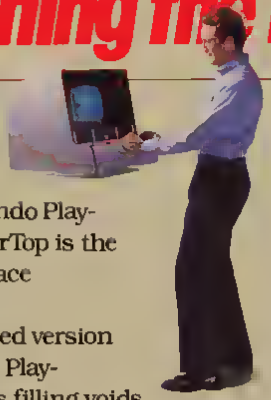
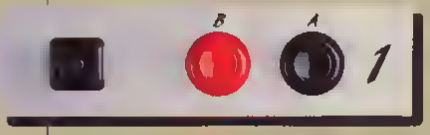
Nintendo's PlayChoice CounterTop is Winning the Battle for Space.



Latest intelligence from the game front shows the Nintendo PlayChoice™ CounterTop is the new leader in space technology.

This condensed version of the successful PlayChoice Upright is filling voids where coin-operated video games of this quality have never ventured. And with the PlayChoice CounterTop you can explore those potentially profitable *black holes* in establishments where games have never been played.



Small wonder more locations are choosing Nintendo.

PlayChoice is the *only* system that gives players 5 to 10 of the hottest game titles from Nintendo and the other top game developers around the world. More than 40 exciting game hits are currently available. And Nintendo's ongoing program of new game releases will continue to keep your selection current and exciting. So make the smart choice today. Get a PlayChoice CounterTop and watch the money roll in.

It's no secret that the Nintendo PlayChoice Entertainment Center™ is a big money maker.

Around the world, Nintendo PlayChoice is recognized as the system with more choices—the only system offering so much for so little.

- PlayChoice can be installed in Upright or CounterTop configurations—whichever space allows.
- The PlayChoice library gives you the option to install games perfectly suited to your customers.
- A PlayChoice CounterTop can generate more revenue per square foot annually!
